

Decorate the column capitals!

As you may know, during antiquity, Greek temples were not all white! Instead, they were painted! Decorate and colour your own capitals using your imagination as much as you can!

Print the capital drawings of the three orders and decorate them in the way it expresses you more! You may colour them or make collages by using colourful papers or any other material you can find at home (ribbons, threads, yarn, buttons, spangles, etc.)!

Don't forget to email us your creation at education.ysma@culture.gr! Then you will see your work at our new digital art gallery!

You may also get inspired by the ancient Greek capitals and columns and make your own artwork or digital creation!
